

Policy ARB-08

EXTERIOR LIGHTS

1. REFERENCE(S)

CC&R, Article IV, Sections 4.03, 4.12

2. PURPOSE

To preserve the architectural and aesthetic appearance of the Development and in support of CC&R's Article IV, Section 4.03, any proposed alterations or additions to a resident's property must be compatible with the architectural characteristics of the owner's home and neighborhood setting. These considerations also apply to exterior lights.

Compatibility is defined as similarity in architectural style, quality of workmanship, use of materials, colors and construction detail. Proposed alterations should be favorable to the landscape, existing structure, and the neighborhood. Parts of any addition to the existing home should match in color and material. Exterior lighting should be clear/white in color, except for holiday, seasonal, and special occasion allowance as stated below.

Homeowners should be mindful of their neighbors when determining lighting type, location, and light stream direction. Security lighting such as garage exterior lights, light post, and motion detection lights may be left on at all hours.

3. Policy

3.1. Lighting categories and action required;

3.1.1. Holiday

3.1.1a Christmas lighting not installed before Thanksgiving and removed by January 15th does not require ARB approval.

3.1.1b Other seasonal/holiday lighting does not require ARB approval if not to exceed 30 days prior and removal one week after.

3.1.2. Installing new or remodeling existing exterior lighting requires ARB approval

3.1.2a Exterior lighting shall include, but is not limited to:

- Architectural lighting on building structures
- Landscape lighting, including driveway post lights and flag pole lights
- Café/String lighting (allowed in back yard only)

3.1.3. Special occasion lighting does not require ARB approval if installed no earlier than the day before and removed the day after.

3.1.4. Holiday, seasonal and special occasion lighting should not be left on all night. Use of timer switches is encouraged.

- 3.2. ARB approval will be based on location on property, type of system and impact on neighbors and golf course.
- 3.3. Each Lot having a front light post shall maintain the base structure and keep the light operational. Homeowners are encouraged to keep front light post light turned on all night.

4.0 RESPONSIBILITY FOR POLICY
